

Recording Yourself Using Photo Booth

1) Open Photo Booth. 

2) Click the film icon. 

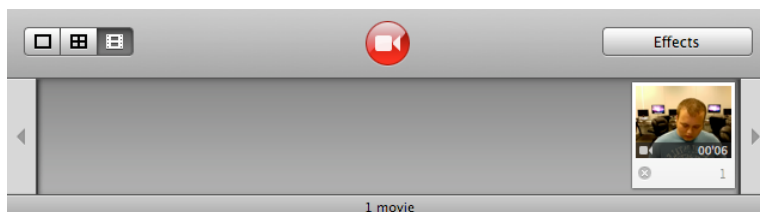

3) Get ready to record!

4) Click the camera button. 

5) Wait for the countdown,  and record yourself!

6) When finished click stop. 

7) Now drag your clip from the bottom bar of Photo Booth

to the correct class folder

that is located in the dock at the bottom of the screen

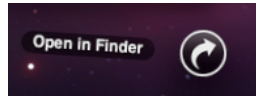

. (ASL 301= ASL 5) (ASL 302= ASL 6)

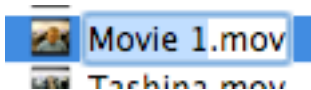

Now to add a Name to your clip!

8) Click on the folder icon that you just put your clip in.

9) Click “Open in Finder”

10) Click on the current title of your clip you just made (“Movie 1” or similar) and wait a second or so until it becomes light blue so you can edit the name.

11) Rename the file according to the preference of your instructor.

12) You can now put your file where you want it – on a jump drive, on BigMac, burn to a CD or DVD.....
