***November 14, 2009***

**“Develop an Effective Evaluation  
System for ASL Students”**

present in ASL only  
by

**Keith Cagle, M.A.**

Chair and Instructor at Central Piedmont Community  
College's Interpreting Education in Charlotte, NC

**Workshop Description**

The workshop is designed for the ASL/ITP educators. It will focus on developing an evaluation system for ASL/ITP classes. The presenter will provide multiple types of evaluations / exams /assessments; explain the purposes of evaluating ASL students; outline the key principles to evaluate ASL students; emphasize the difference between adults and children while evaluating; provide tools to develop knowledge of evaluating on components such as culture, community and linguistics as well as skills which include three areas: 1) receptive, 2) expressive and 3) conversational; offer a variety of evaluation tools on knowledge and skills and provide a variety of grading methods.
